PTE20/81. TM/19/01814/OA – Land at Forty Acres, East Malling

Outline application for 250 houses.
Kings Hill Parish Council objects to this planning application with the following comments:

- The site is not in the local plan for housing but as rural countryside
- The site is Proposed Green Belt designed to preserve the distinctiveness of the historically separate settlements of West Malling, East Malling and Larkfield.
- The site is crossed by two diagonal, rural public footpaths which are used extensively and should be protected. These paths provide easy access to West Malling station encouraging people to walk. It will be laid to concrete
- The area is quality agricultural land in continuous use since at least the last war and possibly before. The previous Local Plan included reference to its special significance as agricultural land.
- Even without the Green Belt designation, this site is vital in preserving the clear and historic distinction between the settlement boundaries of West Malling, East Malling and Larkfield.

These proposals will extend the urban area

- Impact on the A20 and J4 of the M20 and other infrastructure will be stretched
- There are several trees with TPO's and hedgerows with 'important' status under the Hedgerow Regulations (1997) for access roads.
