Data Protection

Some of the information given in response to this plan (e.g. addresses, contact numbers) is classed as 'personal data' under the Data Protection Act (DPA, 1998). Whilst holding this data is legally justified (e.g. in order to protect interests of members of the community in an emergency) the information will be stored and handled sensitively, in accordance with the requirements of the DPA. *(Kings Hill Parish Council)* is the 'Data Controller' and will ensure that 'reasonable steps' are taken to ensure that the information is collected, stored, handled, retrieved, shared and disposed of in an appropriate manner.

Overview of this plan

The Civil Contingencies Act 2004 defines an emergency as “an event or situation which threatens serious damage to human welfare in a place in the UK, the environment of a place in the UK, or war or terrorism which threatens serious damage to the security of the UK”

The emergency services will always prioritise those in greatest need during an emergency, especially where life is in danger. There will be times when people may be affected by an emergency but life is not in immediate danger. During such time communities need to know how to help themselves. By becoming more aware, the community can support the work of local emergency responders and reduce the impact of an emergency.

This plan’s information will be used to coordinate a response to local emergencies.

Aim and Objectives:

The aim of the Community Emergency Plan is to maintain a contingency plan to increase resilience within the local community by:

- Developing a robust coordinated approach that complements the plans of responding agencies.
- Enabling the community to support itself when outside assistance from the emergency services or local authority is delayed or overwhelmed.
- Providing a single point of contact for requests made by the emergency services and the local authorities.
- Keep people informed so that they can help themselves.
- Ensure as many vulnerable people as possible are contacted and assisted.

Parish Boundaries and Area

This plan covers the parish of Kings Hill, with a population of. Insert a brief paragraph about key information infrastructure, neighbouring parishes and a map of the parish and key locations can be found in Appendix A.

Insurance, Health and Safety.

It is recognised that those named in this plan are not trained, equipped, empowered or resourced to carry out functions of an emergency service. The response will be generally

confined to supporting the welfare of the people in the community and helping to maintain normal community life.

Volunteers and Members provide support at their own discretion and in a voluntary (not compulsory) capacity. No one is obliged to carry out duties they do not feel able to undertake.

Vulnerable People

It is important to ensure that isolated or vulnerable people are checked on to see if they need assistance during an emergency. Although many vulnerable people may be known to organisations such as the local authority, NHS and utility providers, others may not be known or may be made vulnerable during an Incident. This requires local knowledge, you may know someone from church that for example has a broken leg or your neighbour may be deaf, who may require extra help if they were to be affected by an emergency. There are a number of groups of people who, in an emergency, should be considered as potentially vulnerable and a priority for support and the deployment of resources, these include:

- The elderly who may not be very mobile
- Those with physical disabilities
- Those with learning difficulties
- Parents and others looking after very young children
- Those who are unable to see or have a severe sight impairment.
- Non – English Speakers

However, it is important to note that people may become vulnerable at any point and under different circumstances.

A list of known vulnerable people can be found in appendix B

Warning and informing

This is a responsibility of the emergency services and other statutory bodies, however emergencies are often unexpected and it is impossible to reach everyone directly.

Encourage the community to contact the Community Emergency Coordinator, their deputy or any member of the Parish Council when they become aware of an incident to allow the Community Emergency Team to be engaged and spread the word rapidly and extensively.

Emergency Team members can be allocated to specific roads or areas to undertake door knocking to inform local residents and/or situation reporting to the management team from the ground. Both sets of information are likely to be of use to local authorities and the emergency services.

Situation updates (as known by the Community Emergency Management Team) will be available to residents at the nominated community shelter (whichever of the listed possibilities is the most appropriate in the situation) – see section 5 Local Resources – and on the Parish website (www.kingshillparish.gov.uk) where the situation allows.

In fluvial (river) and coastal flood-risk areas, residents should sign up to the Environment Agency's free Floodline telephone flood alert service (see <https://fwd.environment-agency.gov.uk/app/olr/register> or call 0845 988 1188 for more information).

During wide-spread events, further information may also be found through local media such as:

- BBC Radio Kent 96.7FM, 774 AM and on DAB
- BBC Kent <http://www.bbc.co.uk/news/england/kent/>
- Kent Messenger http://www.kentonline.co.uk/kent_messenger/news.aspx
- Environment Agency <http://www.environment-agency.gov.uk/homeandleisure/floods/default.aspx>
- Met Office <http://www.metoffice.gov.uk/public/weather/>

Identifying Local Risks

In order to improve the community's ability to respond to local emergencies, the Community Emergency Team will endeavour to be aware of local risks, their potential impact and how to recover from an incident. Any member of the community is welcome to offer information on risks for adding to the list, please use the contact details on the cover. Reference may also be made to the Community Risk Register available on www.kentprepared.org.uk or on the Kent County Council website.

For more detailed flood risk, please see Appendix C: Flood Maps

Community Emergency Team

The Community Emergency Team is a voluntary group supported by the Parish Council who will work in partnership with the emergency services. The group and this plan actively encourage local residents to help themselves and others in emergency situations.

See Appendix H for names + contacts

Community Emergency Management Team

The key role is to provide on-the-ground local knowledge regarding the situation as it is and about local conditions and circumstances - as well as providing an element of self-help within the community, where this can be achieved without risk.

An action card for the Community Emergency Management Team can be found at Appendix F

Community Emergency Co-ordinator(S)

The role of Emergency Co-ordinator (and their deputy) is fulfilled by volunteer residents who provide a vital link between residents and organisations planning for and responding to an emergency. See appendix E for the Community Emergency Co-ordinator.

Their role is to:

- Facilitate the completion and maintenance of the Community Emergency Plan (this plan)
- Call a community meeting during an emergency (if deemed necessary)
- Provide the focal point for the community response to an emergency
- Acting as the main contact point for District/Borough Councils and ensure that two-way communication is maintained
- Provide a link between the community and other agencies responding, which may include the Emergency Services and the local council
- Assist the local council and appropriate agencies in emergency preparedness through awareness-raising activities

The Emergency Co-ordinator for Kings Hill is [Mr Joe Bloggs].

The Deputy Emergency Co-ordinator is [Mrs Josephine Bloggs].

Community Emergency Team Members

Community Emergency Volunteers are residents who provide a link between the Emergency Co-ordinator (or Deputy) and residents in their immediate locality. This could be for one street or a cluster of streets.

Their primary role is to receive information from, and pass it on to, residents in their area.

Some Community Emergency Volunteers may have formal qualifications or training e.g. first aid, which may be of assistance until the emergency services arrive.

Other Community Emergency Volunteers may, for example, visit and monitor vulnerable people, help with transport or pass messages on foot when communications are down.

See appendix H for names and contact and Appendix I for a telephone tree.

Local Skills and Resource Assessment

The Community Emergency Team will encourage local residents to provide information, voluntary help and resources to assist with any perceived emergency. The Parish Council in partnership with Community Emergency Team will prepare and maintain such information as follows:

- **Volunteers:** Organisations and individuals who already volunteer, or who would be prepared to volunteer in an emergency.
- **Equipment:** Tools and machinery which might be needed in an emergency and people qualified, capable and willing to operate them.
- **Supplies:** Food, water and medical supplies and local suppliers and businesses who would be willing to provide them.
- **Transport:** Vehicles which could be used by the community in emergency. Drivers willing and able to help with the distribution of supplies.

The names, numbers, skills and resources can be found in the contact directory at appendix H.

Other Agencies Outline Responsibilities

County Council & District/Borough Council

This list covers the responsibilities of all local authorities, and shows how these are split between County Council and district council. Where a responsibility falls to one party, the other may agree to carry it out on their behalf, through mutual aid arrangements, or provide support.

		County	District
1	Provide a 24 hour point of contact to receive alerts and warnings, and for the management of a large volume of public calls	✓	✓
2	Co-ordinate the local authority response where more than one district is involved	✓	
3	Establish and staff a local authority Forward Control Point	Liaise	Lead
4	Alert Health Authorities where action other than direct casualty care is required	✓	✓
5	Liaise with Central and Regional Government	✓	
6	Liaise with administrative authorities in bi-national or multi-national emergencies	✓	
7	Arrange for military aid	✓	✓
8	Assist in providing a catering service for involved personnel	✓	
9	Alert and coordinate voluntary organisations	✓	✓
10	Arrange attendance of ministers of religion	✓	
11	Support other responders with council resources	✓	✓
12	Implement animal health measures	✓	
13	Support other responding agencies in the response to a communicable disease outbreak	✓	✓
14	Establish a system for disseminating information to the public, in cooperation with other responders, and make premises available for Public Information Centres	✓	✓
15	Open and run support centres as required	✓	✓

Environment Agency

The Agency has responsibility throughout England and Wales for:

- The management and regulation of the water environment, including abstraction licensing, pollution control, flood warning and flood defence.

- Controlling industrial pollution, particularly at nuclear, oil and chemical sites and major industrial processes.
- Regulating the transport and disposal of wastes.

The Agency will attend all incidents posing a significant or potentially significant environmental impact, or, in specific circumstances, posing a threat to human health. It will take appropriate action to prevent or mitigate the effects of such incidents and should always be informed of them as soon as possible. These might involve pollution of controlled waters, unauthorised disposal of waste (including fly tipping), accidents with radioactive substances, chemicals or major industrial processes, flooding, drought and low river flows, fish kills and poaching.

The Agency will work with the KFRS to minimise the threat to the environment caused by chemical spills and contaminated fire-water run-off and warn appropriate parties who may be affected by the associated dangers. It will also investigate the causes for possible legal action.

According to the seriousness of the incident, an Agency officer will attend as soon as possible following receipt of a report within a maximum of two hours during normal office hours and within four hours outside office hours. However, these are maximum times and every effort will be made to attend as quickly as possible.

The Agency operates a 24-hour service for reporting incidents and will usually be alerted by the emergency services or the local authority. The public throughout England and Wales can report pollution incidents on the national reporting number 0800 807 060.

Appendices

Appendix A: About the Parish

A Parish Council is the tier of local government closest to the people. It is not linked to the church in any way. The Council can respond to the needs of the community - delivering the services or representation it most needs. To do this well we need to hear from the community about local issues, so please keep in touch.

KHPC is responsible for the following:

- The running of Kings Hill Community Centre
- The running of Kings Hill Sports Park
- Maintenance of the playground and green in Anson Avenue, Sports Park and other open spaces in Phase 1
- Installation and replenishment of salt bins in residential areas
- The provision and maintenance of a bus shelter
- Set up and design of new allotments at the Heath Farm site
- Community Notice Boards
- Consulted on all planning applications in the parish
- Acting as a liaison between the community and other local organizations and Councils
- Nominates representatives to serve on local voluntary, public and community organisations

Population: 7770

Infrastructure notes: *(ideally with features marked on the map)*

Local risks:

Risks	Impact on community	What can Community Response Team do to prepare?
<i>Example: River through village can flood</i>	<ul style="list-style-type: none">• <i>Flooding of local streets</i>• <i>Blocked access to town hall</i>• <i>Damage to property</i>	<ul style="list-style-type: none">• <i>Encourage residents to improve home flood defences</i>• <i>Work with local emergency responders to see if can help with distribution of flood warnings and any evacuation and rest centre establishment required</i>• <i>Find out what flood defences exist or are planned in the</i>

		<i>area</i>

Appendix B: Key Locations

During an emergency, Kings Hill Parish may want to open their emergency centre in order to co-ordinate their response. It might be necessary for some members of the community to be evacuated from their homes to a place of safety, such as a community shelter, where their needs can be assessed and assistance given by the appropriate responders. Immediate personal needs will be met and over-night accommodation arranged if necessary.

These locations are listed in the table below,

Building	<i>Community Centre</i>	<i>map showing location of</i>
Location	<i>Gibson Drive</i>	
Potential Use in Emergency	<i>Parish Emergency Centre</i>	
Contact details		
Hall Size:	<i>150 - 176</i>	
Facilities:	<i>2 toilets 4 urinals and 1 disabled toilets Male and 5 female toilets and 1 disabled toilet in Female toilets, 1 separate disabled toilets, kitchen with Oven</i>	
Building	<i>Sports Pavilion</i>	
Location	<i>Beacon Drive</i>	
Potential Use in Emergency	<i>Parish Emergency centre</i>	
Contact details		
Hall Size:	<i>30 to 40</i>	
Facilities:	<i>8 changing rooms each with 2 toilets and shower rooms with 3 showers each, 1 disabled wet room on the lower floor. On the upper floor there is 1 toilet and 2 urinals in the Male toilets and 4 toilets in the Ladies toilet. There is a café</i>	

Appendix D: First Steps in an Emergency

Follow the instructions below when the plan is activated.

	Actions	Complete
1	Call 999 (if necessary) and follow any advice given.	
2	Ensure you are in no immediate danger	
3	Start writing a log (Appendix G) containing any decisions you made and who you spoke to/what was said.	
4	Alert Emergency Coordinator then follow the Emergency Coordinator action card (Appendix E)	

Appendix E: Emergency Coordinator Action Card

	Action	Notes / Complete
1	Initiate telephone tree to call Emergency Management Team.	
2	Begin a record of actions and decisions.	
3	Assign specific roles / areas of responsibility to Emergency Management Team as needed; e.g. communications, loggist, resources, information, welfare provision, etc. and confirm actions.	
4	Open community shelter if required.	
5	Alert volunteers / relevant resource holders as required.	
6	Begin warning and informing activities to those under threat as appropriate (see <u>Warning and Informing</u>)	
7	Alert District Council if appropriate (see <u>Appendix H contacts</u>).	
8	Support and handover control to emergency services / other authorities if required.	
0	Provide local knowledge and frequent updates to authorities.	
11	Coordinate community response.	
12	Support the vulnerable	
13	Meet regularly and review progress of incident; respond as appropriate.	
14	Confirm and communicate end of incident.	
15	Complete incident log.	
16	Support community in recovery.	
17	Arrange debrief and review preparedness / plan as necessary.	

Appendix F: Emergency Management Team Action Card

	Action	Notes / Complete
1	Attend Community Emergency Management Team meetings.	
2	Maintain a record of actions and decisions.	
3	Support the Community Emergency Coordinator in their role.	
4	Setup and maintain Community Emergency Management Centre: From here all information pertinent to the emergency should be reported directly to the District Council (see Appendix H contacts) until an Incident Liaison Officer (ILO) arrives to represent it – see 4.1 for locations.	
5	Facilitate and coordinate the work of the Community Emergency Team members.	
6	Promote excellent communications with all those involved.	

Name	Role / skill / resource	Phone numbers	Address

Appendix I: Telephone Tree

The phone tree works as a pyramid, with the coordinator at the top making the first call to two or more people. In turn, they call an assigned set of people and so on, until the tree is complete.
