Dear Janine,

Please find below a couple of options for your ground's maintenance contract for you to consider. Having been looking after the pitches now for the last 12 months we can work out what works best for your pitches. Pitch 1 & 2 certainly need more work to keep them up to a better standard so I have adjusted a few things to incorporate more maintenance for these and with keeping the price lower than the current deal. Option 2 would be the bare minimum required but I cannot guarantee the best conditions for the pitches.

Recommended option 1

- | | |
|--|-----------------------|
| 1. Pitch Cutting All | £9000 |
| 2. Pitch 1 & Pitch 2 extra preps | £2750 |
| 3. Initial setting out and line marking | £4500 including paint |
| 4. Brush or drag mat Sisis Slitter or Solid Tine | £950 |
| 5. Verti Drain or Shockwave x2 | £2250 |
| 6. End of season works to supply & apply 150t of 70/30 to pitches | £7750 |
| 7. Disc seeding pitches with Vredo seeder 40 bags supplied and drilled | £4000 |
| 8. Fertiliser 2 applications pitch 4 & 5 | £1200 |
| 9. Fertiliser for Pitch 1 & 2 | £2400 |
| 10. Weed Control 4 pitches | £1000 |
| 11. Pest & Disease control if required | POA |

Total including all machinery supplied, fuel & travel £35,800 plus Vat

This can be divided up into 12 equal monthly payments

Ad-hoc work invoiced monthly
