

Hello, Are you aware of the plans to widen to dual carriageway a section of the A228 from the Tower View roundabout towards Mereworth including the felling of many trees at the end of Sportsmans Cottages ME19 4PH. This is known as "junction 5" on the 2018 Local Plan, the survey markings are already at the roundabout and the trees are all marked with Orange crosses ready to fell. I live in Sportsmans Cottages and we have received no notification of this planned work and a number of the marked trees are on our private land. Thank you in advance for your reply.
