PRESS RELEASE

WORKS UNDERTAKEN TO SECURE AND PROTECT KINGS HILL ALLOTMENT SITE

Kings Hill Parish Council is delighted to announce that works have been undertaken to fix the perimeter and car park fence at Kings Hill Allotment site. The site was compromised early in 2020 with a spate of break ins, this work will go some way to protecting tenants and the Kings Hill site.

A successful application was made in the sum of £4,597.40 to Councillor Matthew Balfour's Kent County Council Member's Fund to fund the restoration project which meant the repairs could be carried out before the spring.

We would like to thank Councillor Matthew Balfour for his continued assistance at the allotment site as allotments play a big part in our aim to preserve the environment and create a safe, enjoyable space for residents to escape to in these difficult times.

All manner of wildlife can be found on the allotment from frogs, toads, newts and slow worms to field mice, hedgehogs and many different species of birds and insects.

We are grateful to Cllr Matthew Balfour who has helped preserve and protect this site for years to come.

Notes to Editors:

Kings Hill Parish Council was formed in 1999 and consists of 12 elected parish councillors serving the local community on a voluntary basis. Parish Council officers undertake the work of the Council representing the community and delivering community benefits throughout the village. We are consulted on planning applications in the parish and work closely with local community groups serving Kings Hill and the local area. The provision and management of allotments, looking after open spaces, maintaining bus shelters and community building, providing facilities for the community, such as the Kings Hill Community Centre and Kings Hill Sports Park, are just some of the responsibilities carried out by Kings Hill Parish Council.
