

# T&M Shopfront and Vacant Unit Improvement Grant Scheme

Our Shopfront and Vacant Unit Improvement Scheme webpage is now live for applications (we have soft launched it ahead of the actual live date of 09 January 2023) and all the information needed is available at **<https://www.tmbc.gov.uk/business/shopfront-grant>**

We have sent letters out to eligible premises, but if you know of a local shop (occupied or vacant) in your area that you think could benefit from the scheme, then please feel free to share this information.

Any prospective applicant can also take advantage of free help with their application, as we have also commissioned Let's Do Business Group to provide advice and support. Their contact details are available on our webpage.

This call for applications will close on 08 March 2023, and we are hoping to have a further call later on in the year.
